HOPE
RELIEF
SELF-SUFFICIENCY
...for our Prince William Area neighbors in crisis.

2019 ANNUAL REPORT
50th Anniversary Edition
Dear ACTS Partner,

2019 continues to be a dynamic year as we celebrate the significant milestone of serving in Prince William County for 50 years! What do we celebrate? We celebrate the volunteers, the staff, the board members, the donors and the people who courageously reach out to ACTS for support.

ACTS began with 13 churches who had the vision to work together to care for those in need in our community. As the pastor of one of those congregations, it is a joy and a privilege to continue this legacy through personal and congregational financial and volunteer support. It remains true that we can do more together than we can do on our own.

As the new President of the ACTS Board, I am excited for this next chapter. ACTS is an innovative organization that seeks new ways to care for and connect the community. One such program is the Prince William Food Rescue Program which rescues food that will go to waste and directly distributes it to organizations that serve communities in needs.

The mission of ACTS is to foster hope, provide relief, and to promote self-sufficiency for our Prince William area neighbors in crisis. This is possible as we work together. How will you be a part of this mission?

~ Pastor Darcy A. Tillman, ACTS Board President

50 Years supporting our neighbors in crisis throughout the Greater Prince William Region.
For the past fifty years ACTS has grown considerably, offering multiple services that provide hope, help, and healing to our community. Generous donors are the foundation on which programs are built, sustained, and expanded. Financial and in-kind donations great and small – every gift is important! We are truly grateful for all of our generous Donor Partners!

It is impossible for us to meet the many needs of our neighbors in crisis all at once without the amazing support and generosity of our volunteers! Hundreds of individuals and families provide many thousands of hours of service each year. From our Hunger Prevention Center to our Helpline to our Thrift Store to our group classes, our volunteers directly impact those in crisis in our community.

We truly have the best staff anywhere! All day, every day, nearly 70 team members are actively helping individuals and families experiencing crisis. Staff also regularly attend training, seminars, and workshops to increase their skills and abilities. Every person on our team is truly and MVP!
The 9th Annual IWALK for ACTS was a great success once again! Potomac Valley Church took the lead this year and helped make it a wonderful event.

5k Registrations: 561
Amount Raised: $115,000
With local media cameras rolling, our newest program, Prince William Food Rescue, held its official launch party in front of the Hunger Prevention Center on August 14, 2019. Guests from our founding partners, Board of County Supervisors, community leaders, and lead partner (412 Food Rescue) attended the celebration and start of our app. Jennifer England, Donor Coordinator from 412 Food Rescue, shared their successes over the past five years, already rescuing nearly seven million pounds of food around the city of Pittsburgh and how excited they are to be partnering with us to leverage the Food Rescue Hero technology in our community.

This program redirects perishable/prepared foods that would get thrown away by Donors (grocery stores, restaurants, caterers, gas stations, schools, hospitals, farmers, etc.) to non-profit Distribution Partners (food banks, food pantries, community centers, boys and girls clubs, backpack programs, etc.) who can immediately feed people with that food. Nearly 40% of our food is wasted while 1 in 7 go hungry. Transporting the available food to those who need it has always been the missing link. However, our Prince William Food Rescue app solves that: alerting everyone with the app on their phone when food rescues are available, allowing volunteers (Food Rescue Heroes) to select which ones they can pick-up and drop-off at their convenience.

First 12 Weeks...

A little bit about us...

Action in Community Through Service of Prince William, Inc. (ACTS) was founded in 1969 and incorporated in 1971 as a not-for-profit organization. We reach over 80,000 individuals annually through our 12 locations and many services.

Our services are aligned in the following three main divisions:

⇒ Human Services

- Housing (emergency shelter, domestic violence safe house, permanent housing, rapid re-housing, case management, and Women’s Empowerment Center)
- Emergency Assistance (utility bills, propane, and case management)
- Hunger Prevention Center (food pantry distributes 25 tons of food each month to up to 1,000 local families, health and wellness programs, prescription medication assistance, and food rescue)

⇒ Crisis & Trauma

- Sexual Assault Services (hospital and court accompaniment, individual and group therapeutic support, counseling, and community education)
- Domestic Violence Services (safe house, case management, court accompaniment, individual and group therapeutic support, counseling, and community education)
- Suicide Services (24/hr crisis line, survivor groups, attempters group, crisis response team, and community education)

⇒ Thrift Store

- ONLY not-for-profit thrift store in the region whose proceeds all go directly to help the local community

RESPECT
COMMUNITY ❤️ COMPASSION
SERVICE
Dotty has had a huge impact on our community for over twenty years and has been an instrumental team member at ACTS for the past eleven years, specifically as the Director of Domestic Violence Services. She is responsible for the successful implementation of the Lethality Assessment Protocol (LAP) program within the Prince William County Police Department, resulting in rapid response rates and more effective services to victims of DV. Dotty won multiple awards from a variety of organizations, including the 2019 Robert L Marsh Public Service Award from the PWC Bar Association and the 2019 Justitia Award from the Virginia Women Attorneys Association. She will be greatly missed!
**Emergency Assistance Services**
We provide financial assistance for households located on the eastern end of the county, City of Manassas, and Manassas Park with disconnection and shutoff notices on their utilities.

<table>

⇒ The Better Business Bureau recommends nonprofits spend no more than 35% in Administration and Fundraising.

⇒ ACTS allocates 85% of all Revenue to Program Services, spending only 15% on Administration and Fundraising.
ACTS is truly unique when it comes to the variety of roles volunteers play within the organization. On any given day at ACTS, you will see volunteers in the Hunger Prevention Center receive donations, stock and replenish shelves, pack food bags, and distribute groceries. A visit to the Admin building finds Finance Department volunteers inputting data and scanning documents. Behind closed doors amid the muffled whoosh of sound machines are volunteers trained to answer crisis phone calls for ACTS’ 24-hour helpline. Across the parking lot, volunteers in the ACTS Family Services building assist in facilitating support groups for children and adults touched by domestic violence and sexual assault.

Go a little way up Route 1, where volunteers are handing off prepared meals for residents of the Beverly Warren Emergency Shelter and admin volunteers answer phones and watch the door. Further north on Route 1, in the ACTS Thrift Store Donation Center, volunteers are sorting through donations to prepare them for sale in the Thrift Store, while on Canal Street, Thrift Store volunteers process donations, stock shelves, display items, perform sales floor duties, and interact with customers. Because all proceeds from the sale of thrift donations go directly to funding ACTS programs, volunteers in the Thrift Store and the Thrift Store Donation Center directly impact ACTS’ ability to provide clients with the services they need.

Throughout Prince William County, volunteers for Domestic Violence Services are taking calls and assisting victims in finding safe shelter. Sexual Assault Services volunteers take calls, as well, directing victims, reporting options, and encouraging medical care. Volunteers for both Domestic Violence and Sexual Assault Services accompany victims in hospitals and in courtrooms, advocating for them and giving them support.

Church Groups, Youth Groups, Corporate Groups, and more contribute days of volunteer service to ACTS. Intuit Women’s Network, for example, have brought groups on three separate occasions to volunteer with ACTS. This team of volunteers not only come with willing hands, ready to work, but also with full hands of donations our clients need. Members of their team completely cleaned the Women’s Empowerment Center, making it move in ready for families AND donated enough cleaning supplies for each family to start off fresh. Intuit Women’s Network have contributed days of service in the Hunger Prevention Center and Thrift Donation Center, as well. They are flexible in their planning, enthusiastic in their volunteerism, and always a pleasure with which to work.

Each month, on average, 150 individuals and groups contribute 3500 or more hours in support of ACTS programs in the community. These volunteers are essential in delivering the important service ACTS provides the community to assist the poor, homeless, and victims of personal violence.

Shirley Couteau
Volunteer Coordinator

Dear Friends,

Last weekend my wife and I did something most people put off as long as possible. We updated our wills for the first time since we moved from New Jersey. We have no children, so our wills are very simple—the entire estate will go to charity. Every nonprofit where I have worked since college will receive a portion, and it was important to me to make this update to now include ACTS.

As we thought about where we wanted to leave our money, where it could do the most good, I realized ACTS has never had a formal planned giving program.

ACTS has many faithful donors, but how many of you have ACTS in your will? I would guess not many, mainly because we never asked. The usual recipients of estates are children, alma maters, faith communities, and major charities like the American Cancer Society. But why not ACTS? If you haven’t considered it before, I ask you to consider it now. As you see in this Annual Report, your gift will have a significant impact on your community. You will be contributing to a legacy of service to your neighbors.

Years ago, I read an article about a charity that asked its donors to donate 5% of their estate. This is an amount no one in your will would even notice. For example, if you were going to leave everything to your five grandchildren, they would each get nineteen percent instead of twenty. No impact. But leave five percent to ACTS, and the impact could be incredible. Would it allow us to renovate our eighty-year-old family shelter, start a new program for children who have been sexually assaulted, or offer our twenty-four-hour crisis line in Spanish? Who knows?

No one likes to think about death, but all of us have thought about the legacy we hope to leave behind. How about making ACTS a part of your legacy? We have been here for our neighbors for fifty years; your gift could help ensure we are here for fifty more.

In service,

How planned giving can be an important part of your legacy

IRAs, 401(K), 403(B) and other retirement accounts grow tax-deferred, often becoming quite large over the years. Unlike many other types of investments, funds withdrawn from retirement accounts can be taxable to you and, eventually, to your heirs.

Retirement accounts left to ACTS are removed from your estate for federal estate tax purposes. Plus, there is no income-tax assessed against your estate or your heirs when the funds are transferred to ACTS allowing you to avoid multiple taxes.

WAYS YOU CAN SUPPORT OUR VISION:

Make a financial donation online at actspwc.org/donate or by mail. Select a one-time gift or monthly donation.

Double your gift by checking to see if your employer is one of many companies that have monthly gift programs or participate in the Commonwealth of Virginia Campaign (CVC) and use our code: 08118.

For more information, visit http://www.cvc.virginia.gov/directgiving

Shop Online using Smile.Amazon.com and select our organization—this results in .5% of your purchase total being donated to ACTS from Amazon!

Business Partnerships are available for companies looking to offer employee engagement in the community. We provide Volunteer Days, On-site training, Media and Press Releases, and more!

Donate clothing, furniture, or other household items to our Thrift Store. ALL profits from the store are invested back into other programs and services provided by ACTS.

Donate non-perishable foods to our Hunger Prevention Center. The more food we have, the more families we can help! Consider organizing a canned food drive at your company, neighborhood, school, or place of worship.

Volunteer for an hour or a whole day! We have lots of opportunities for individuals, families, small groups, and large groups to be involved both at our Thrift Store and our Hunger Prevention Center.

Connect on Social Media to see what events are happening in the community and ways to stay involved.
50 Years Later: Emergency Utility Assistance Still Needed

The need for emergency assistance was evident from the very beginning when ACTS was founded back in 1969. Despite the wealth in our county, this remains a primary need for families and individuals in our community to this day. Did you know that this is an unfunded program? There are no grants available, and only contributions made through our partnerships with the utility companies and local congregations make this program possible. The remaining funds to help clients who have shut-off or cancellation notices for their utility bills comes directly out of our general fund. We have spent an average of $280,000 per year for the past several years through our Emergency Assistance program. That’s a major investment into our community!

Currently, we work with utility companies and clients in the eastern part of Prince William County, the City of Manassas, and Manassas Park. Clients with disconnection or shut-off notices book appointments online to meet with our Case Managers to review their options and explore how we are able to help. We do as much as we can with the funds we have available, while also empowering the clients to help themselves — whether that is through personal budgets, setting up payment plans, or finding additional resources.

All of us look forward to gathering with family and friends over the holiday season, but those moments can be hindered when it is freezing cold outside and the heat has been shut off inside. We could do even more to help our clients if we had more funding to disperse. Would you consider donating a little extra as we close out the year? Let’s work together to ensure everyone in our community can have a safe, warm home this winter!

October has already been a record month for us this season, and it is just getting started. Your help is needed to ensure we can keep up with the demand!

Tax Law changes help ACTS Grow

If you are 70 ½ or better and have IRA’s then you know about RMD’s – Required Minimum Distributions. But you may not know that RMD’s may be used to support your favorite charity – like ACTS- and can potentially reduce your tax bill!

When you’re no longer working you may feel you’re unable to financially support the organizations you love in way you’d like – but have you considered a direct transfer from your IRA to the charity of your choice?

If you are 70 ½ you can transfer up to $100,000 to ACTS or the charity of your choice tax-free each year –even if that’s more than your RMD! You must transfer the funds directly from the IRA to the charity to count as a tax-free transfer. You won’t be able to deduct that money as a charitable contribution, but many donors no longer itemize due to the higher standard deduction. Making the tax-free transfer also keeps the money out of your adjusted gross income, which may help you avoid the Medicare High-Income surcharge and can help lower Medicare premiums! Want more good news? Last year Congress permanently extended the Qualified Charitable Distribution provision, so you can make a direct transfer to ACTS, or your favorite charity, anytime during the year – or next year if you’ve already taken your 2019 RMD.

It’s always a good idea to speak first with your financial advisor or IRA administrator. Let the charity know about the transfer too – so they know who made the contribution and can send you an acknowledgement letter.

The stock market has had a great year –the direct transfer strategy may help you to reduce your taxes while supporting organizations you love – like ACTS!

The phrase "absolutely remarkable" best describes the level of dedication and commitment that our volunteers routinely put on display at the ACTS Hunger Prevention Center!
Volunteers for Helpline provide that listening ear that is so essential to help callers in crisis.
GivingTuesday is a global generosity movement, unleashing the power of people and organizations to transform their communities and their world. GivingTuesday will kick off the generosity season this year by inspiring people to give back on December 3rd, and throughout the year.

GivingTuesday was launched in 2012 as a simple idea: to create a day that encourages people to do good. Over the past seven years, this idea has grown into a global movement that inspires hundreds of millions of people to give, collaborate, and celebrate generosity.

People demonstrate generosity in many ways on GivingTuesday. Whether it’s helping a neighbor or stranger out, showing up for an issue or people we care about, or giving to causes we care about, every act of generosity counts. GivingTuesday has raised billions of dollars for critical causes around the world and gets 14.2 billion impressions on social media from people and organizations speaking up for the causes that matter to them and encouraging others to get involved.
